Part 1. Product Information

a) Title: European Medicines Agency to review third and fourth generation combined oral contraceptives

b) Product Name/Type: Third- and fourth-generation combined oral contraceptives

Part 2. Problem/Issue

a) Problem/Issue: The European Medicines Agency (EMA) has been asked by France to review third and fourth generation combined oral contraceptives to determine whether there is a need to restrict the use of these medicines to women who cannot take other combined oral contraceptives. The EMA issued their intention to conduct that review today. See attached press release.
