

BATCH RECALL

Note: Additional batch within scope

Versifel FeLV, suspension for injection for cats, VPA10387/088/001

Batch number	Expiry date
666297	26/02/2025
665276	31/01/2025

23rd June 2023

Dear Veterinary Surgeon,

Further to our recent communication regarding a recall of Versifel FeLV, batch no. 665276, we wish to advise that the scope of the recall has been extended to include one additional batch (batch no. 666297). This action has been agreed with the Health Products Regulatory Authority (HPRA).

This recall is to veterinary surgeon level.

The initial recall was initiated as a precaution due to an atypically high number of reported adverse events following the administration of one batch of Versifel FeLV suspension for injection for cats. The manufacturing investigation has now been completed and it is not possible to exclude batch no. 666297 from the root cause identified. Therefore, as a further precautionary measure, Zoetis is recalling stock from this additional batch.

You are kindly requested to perform the following actions:

1. Immediately identify and quarantine any units of the above batches in your possession;
2. If you have supplied the batches to any other veterinary surgeon/clinic, please send a copy of this recall letter to them, requesting that they quarantine and return any units of the batches to you; and
3. Please return all stock from the batches, including full or part packs, to the wholesaler who supplied it to you within two weeks of receipt of this letter, for which a credit will be issued. Please include your wholesaler account number with the returns to assist in tracking this stock.

(Note: there may be a delay in receiving the credit for this stock whilst this recall procedure is ongoing)

Currently, no replacement stock of this product is available to order.

Should you have any questions or concerns regarding this matter or to report a suspected adverse reaction, please contact Zoetis via phone +353 1 2569800 or email vetsupportireland@zoetis.com. Adverse reactions may also be reported to the HPRA through their website at www.hpra.ie.

We apologise for any inconvenience this matter may cause and would like to thank you for your cooperation.

Yours sincerely,

Agnieszka Markowska PhD
Regulatory Affairs Manager
