Important Information For Healthcare Professionals

Product	PA Number	Unavailability Date	Resupply Date
Amitriptyline 25 mg film coated tablets	PA0126/41/001	Mid September 2021	Second half October 2021

Dear Healthcare Professional,

Clonmel Healthcare Ltd would like to advise you of a temporary supply interruption of the above product, Amitriptyline 25 mg film coated tablets, 500 pack size. This temporary interruption in supply is due to a manufacturing delay and we anticipate the unavailability of this product from mid September to second half of October 2021. The reason for the interruption in supply does not impact the quality, safety or efficacy of the finished product currently available on the market.

Amitriptyline 25 mg film coated tablets, 28 pack size from the UK will be available for supply as an exempt medicinal product (EMP). **As the product is an EMP please do not scan the 2D barcode.**

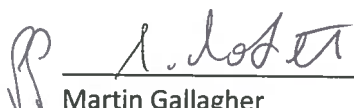

The composition of the Irish and UK products contains exactly the same quantity of active ingredient but **differ with respect to excipient composition, pack size and packaging.**

The temporary GMS code is 55527

Clonmel Healthcare are working to restore normal supply of Amitriptyline 25 mg film coated tablets, 500 pack size as soon as possible. We regret any inconvenience caused by this temporary supply interruption.

If you have any further questions or require additional information please contact the Clonmel Healthcare Medical Information Team at +353 52 6177777 or via email medicalinformation@clonmel-health.ie.

Yours sincerely,

Martin Gallagher
Director of Marketing
