Pereyra Ligature Carrier '75®	090100	G15433
	095030	G15082
Stamey Needle	095015	G15081
·	095000	G15080

Description of the problem:

COOK Medical is initiating a voluntary recall of all the products as listed above. We have identified the reprocessing instructions do not provide sufficient detailed information for the cleaning, disinfection, and sterilization of these products. Our preliminary investigation indicates that validation data related to the reprocessing of these devices do not meet the current guidance.

There have been no reports of adverse reactions related to inadequate cleaning, disinfection, or sterilization associated with these devices.

Potential adverse events that may occur if the products are not adequately reprocessed include localized surgical site infection to deeper organ space infection as well as chemical residual exposure

PRODUCT FAMILY	INTENDED USE	PRODUCT IMAGE
Pereyra-Raz Ligature Carrier [™]	Used for pulling sutures from a vaginal incision into the suprapubic area during bladder suspension surgery. The double needle design permits simultaneous suture placement. This instrument is reusable.
