Description of the Problem

There may be possible cracks, cuts or holes in the Basin Liner as in the photographs below

Advice on Action to be taken by the user:

The above listed ArcRoyal Custom Procedure Trays, which may be in your inventory, may contain the affected Basin Liner. To minimize disruption and ensure continuous patient care, ArcRoyal is recommending the following:

1. Prior to use the customer visually verify that this defect is not present
2. Return the completed Response Form Appendix II to Arcroyal (iarmstrong@arcroyal.ie) if you are clear on the advisory notice

Transmission of this Field safety notice:

Please affix a copy of this advisory notice to the product and ensure the information communicated in this notice is brought to the attention of all relevant personnel, and return the response Form Appendix II to us immediately forward this information to all departments within your organisation who may be using the affected ArcRoyal Custom procedure trays. Additionally, please ensure that a copy of this information is provided to any other organisations to which the affected devices have been transferred.

We appreciate your immediate attention and cooperation and sincerely regret any inconvenience that this may cause you. Should you have any questions or concerns about the matter, please don't hesitate to contact me.

The undersign confirms that this notice has been notified to the appropriate Regulatory agency

FIELD SAFETY NOTICE

According to MEDDEV 2.12/1 rev. 8 ANNEX 5

Commercial name of product: Basin Liner
Type of action: Advice regarding use of the device
Attention: Theatre/Operating Room Manager/Quality Manager

Date: 3rd of June 2014

Dear Customer,

Details of affected devices:

The product list is attached to this Field Safety Notice.

Description of the problem:

During normal performance vigilance of the basin liner, it has been identified that a very low number of basin liners have small holes or cracks. These holes or cracks could, if present potentially compromise the sterile field.

Actions to be taken by the user:

Microtek Medical has assessed the issue carefully and advises that prior to use the customer visually verify that this defect is not present.

While unfolding the drape, perform 100% inspection for any possible cracks, cuts or holes prior to use. This decision is being taken considering the low patient risk and low market rate of complaints. Should the defect be present, we advise performing the surgery with a different basin liner.

What to look for:

Please affix a copy of this advisory notice to the product and ensure that the information communicated in this notice is brought to the attention of all relevant personnel, and return the completed acknowledgment to us. If you have provided this product to any other institutions, please forward a copy of this letter to those institutions.

Transmission of this Field Safety Notice: (if appropriate)

This notice has been provided to:

Local Competent Authorities

MEDCERT GmbH - Notified Body CE 0482
Pilatuspool 2
20355 Hamburg
Germany

TÜV NORD CERT GmbH - Notified Body CE 0044
Langemarckstraße 20
45141 Essen
Germany

Please maintain awareness on this notice and resulting action for an appropriate period to ensure effectiveness of the corrective action.

Please contact your local Customer Service or Account Manager if you have any questions or concerns regarding this notification.

Maintaining a high level of safety and quality is our highest priority and we are diligently working to return to the normal use of the product.

Sincerely,

Chad Carter
