Catalogue No. 10840125A, 10845060A,
10760125A, 10765060A
Lot No. See attached list

ORIGIO a/s hereby informs you that the product Flushing Medium w/wo Heparin Cat. No. 10840125A, 10845060A, 10760125A, 10765060A has been delivered with an instruction for use (no. 0704-07) which contains one error in the English language. According to our sales record you could be in possession of one or more of the mentioned lot numbers (see attached list).

The error in the English language is in the "Precautions and warnings" section bullet three where the following sentence has been translated into Spanish language

Do not use the product if:

3. The product becomes discolored, cloudy, turbid, or shows any evidence of microbial contamination.

The probability of receiving a product showing evidence of microbial contamination is very low (10⁻³ or below).

Attached to this letter is the corrected English instruction for use for the product. Please be assured that Flushing Medium delivered after this date will include the corrected instruction for use.

ORIGIO a/s sincerely apologizes for any inconvenience caused to your clinic.

Best regards
