**Alert number:** A11/00001/21

**Category:** Cosmetics

**Product:** Shampoo and conditioner

**Brand:** Garnier

**Name:** Fructis Hair Food

**Type / number of model:** Fructis Hair Food (Banana, Aloe Vera, Macadamia, Papaya,...)

**Barcode:** 3600542315388

**Batch number:** Unknown

**Counterfeit:** **NO**

**Risk type:** Chemical

Due to its characteristic appearance, form, colour and size, the product may be mistaken for foodstuff by a child or vulnerable person. The probability of the product being ingested is low, but it could be dangerous because the product contains surfactants. These are foaming agents that, when aspired, can cause chemical pneumonia. Chemical pneumonia can be fatal in children and the elderly. / The product does not comply with the requirements of the Food Imitating Directive

**Measures taken by economic operators:** Marking the product with appropriate warnings on the risks (By: Manufacturer)

**Description:** Shampoo and conditioner in a plastic bottle

**Packaging description:** Bottle with a picture of fruit on the label

**Country of origin:** Unknown

**Alert submitted by:** Belgium

**Type of alert:** Other

**Products were found and measures were taken also in:** Poland

**Category:** Cosmetics

**Product:** Teeth whitening kit

**Brand:** DMC

**Name:** Lase Peroxide Flex 6 % Tooth whitening kit

**Type / number of model:** Unknown

**Barcode:** Unknown

**Batch number:** 09/2022, Lot. 13733

**Counterfeit:** **UNKNOWN**

**Risk type:** Chemical

The product contains too much sodium fluoride (measured value up to 2% by weight). At high concentrations sodium fluoride can cause spots in tooth enamel (dental fluorosis). In moderate to severe fluorosis, teeth are also weakened and suffer permanent physical damage. Chronic over-absorption of sodium fluoride can cause hardening of bones, calcification of ligaments, and buildup on teeth. Excessive intake of sodium fluoride can also be toxic if swallowed, causes serious eye irritation and causes skin irritation. / The product does not comply with the Cosmetic Products Regulation.

**Measures ordered by public authorities (to: Importer):** Import rejected at border

**Description:** Kit contain four infusion bottles and four syringes. Two syringes are empty and two of them

include substance. Infusion bottles include: Hydrogen peroxide, thickener, diluent and sodium bicarbonate. Syringes include: Light-curing gingival barrier and desensitizer.

**Packaging description:** Kit is packed in a blue cardboard package. Bottles and syringes are in a transparent plastic blister tray inside the package.
