

## Carnation Callous Caps 40% w/w Medicated Plasters Salicylic Acid

Recommended for  
the removal of callouses.

### Caution

For external use only.

**CONTAINS PEANUT OIL. DO NOT USE IF  
YOU ARE ALLERGIC TO PEANUT OR SOYA.**

### Do not use:-

- if you are diabetic
- if you have a circulatory disorder
- if skin close to the callous is inflamed or broken
- if you are using any other medicated product to treat your callous
- for more than 2 weeks
- to treat more than 2 callouses at a time
- for any other purpose than the removal of callouses
- if you are allergic to Salicylic Acid, NSAIDs (asprin), adhesive plasters or any of the ingredients
- after the expiry date shown
- on children under 16
- if you are pregnant or breast feeding

### Directions for Use

1. For better adhesion clean and dry the feet.
2. Remove backing paper and position felt ring over callous.
3. Firmly fix in position. When properly applied it should not slip or move.
4. Remove after three days and clean away loose skin. Repeat process if callous has not been removed.

Do not exceed recommended dose.

### Possible Side Effects

While using this product a mild degree of soreness may be experienced.

Occasionally local irritation or dermatitis (skin rash) may occur. If this happens remove the plaster and clean and dry the area. Do not repeat treatment.

If the condition hasn't resolved after 2 weeks or you experience any unwanted effects consult your pharmacist or doctor.

This includes any possible side effects not listed on this pack. You can also report side effects directly via: [www.hpra.ie](http://www.hpra.ie)

### Ingredients and Storage

Each medicated dressing contains Active Ingredient 40% Salicylic Acid. Also contains **Refined Arachis Oil (Peanut Oil)**.

Yellow Beeswax, Partially Hydrogenated Wood Rosin, Vegetable Triglyceride, E124 Ponceau 4R, E110 Sunset Yellow.

Store in this pack at less than 25°C, away from direct sources of heat and humidity.

**Keep out of the reach and sight of children.**
