- ▶ This patient card has been provided to you because your doctor has prescribed you ENHERTU[®].
- ▶ This Patient Card helps you to identify symptoms of lung problems that you may experience with ENHERTU[®].
- ▶ Read this information before you start receiving ENHERTU[®] and before each infusion.
- ▶ You should keep this card with you at all times and show it to any doctor you consult (for example, if your regular doctor is unavailable or if you are travelling).

Not all possible side effects are listed on this card.

**Please read the
ENHERTU® Patient
Information Leaflet
or talk with your doctor
for more information
about side effects.**

Important Potential Lung Problems that May Occur with Your Treatment

Patients treated with ENHERTU[®] may be at risk of serious and potentially fatal side effects of lung problems. Early detection and treatment of lung problems are important to reduce this risk.

It is important to call or see your doctor immediately at the pre-agreed health facility if you notice any of the following:

- **cough,**
- **shortness of breath,**
- **fever,**
- **or other new
or worsening
breathing problems**

These may be symptoms of a serious and potentially fatal lung disease called interstitial lung disease.

You should seek medical assistance as soon as possible.

Under no circumstances should you attempt to treat these symptoms yourself.

Before Starting Treatment with ENHERTU[®] and before each infusion

Tell your doctor about

- ▶ Any lung or heart problem you have or have had in the past, in particular if you have a history of lung problems, including inflammation of the lung known as interstitial lung disease (ILD).
- ▶ Any other medical problems you have or have had in the past.

- ▶ All the medicines you take, including prescription and over-the-counter medicines, vitamins, and herbal supplements. Know the medicines you take. Keep a list of them to show your doctor.

Reporting of side effects

If you get any side effects, talk to your doctor or pharmacist. This includes any possible side effects not listed in this leaflet. You can also report side effects directly via HPRA Pharmacovigilance Website: **www.hpra.ie**

By reporting side effects you can help provide more information on the safety of this medicine.
