Information for health care providers:

- ◆ INR values should not be used as they are not a dependable measure of the anticoagulant activity of Rivaroxaban Rowex

What should I know about Rivaroxaban Rowex?

- ◆ Rivaroxaban Rowex thins the blood, which prevents you from getting dangerous blood clots.
- ◆ Rivaroxaban Rowex must be taken exactly as prescribed by your doctor. To ensure optimal protection from blood clots, **never skip a dose.**
- ◆ You must not stop taking Rivaroxaban Rowex without first talking to your doctor as your risk of blood clots may increase.
- ◆ Tell your health care provider about any other medicines you are currently taking, took recently or intend to start taking, before you start Rivaroxaban Rowex.
- ◆ Tell your health care provider that you are taking Rivaroxaban Rowex before any surgery or invasive procedure.

When should I seek advice from my health care provider?

When taking a blood thinner such as Rivaroxaban Rowex it is important to be aware of its possible side effects. Bleeding is the most common side effect. Do not start taking Rivaroxaban Rowex if you know you are at risk of bleeding, without first
