**CUSTOMER COMMUNICATION**

22nd June, 2011.

**Re: NUBY MEDICAL KIT.**

Dear Pharmacist,

We have been advised by the Irish Medicines Board (IMB) that the above detailed product does not comply with the Medical Devices Directive 93/42/EEC. To date, there have been no incidents reported to the IMB in relation to the use of these medical devices within Ireland. As a precautionary measure, we would therefore ask you to please withdraw them from sale with immediate effect.

Please remove them from your shelves and hold them for our Representative to collect when we will issue full refund.

Thanking you for your cooperation.

Yours truly,

M. BODKIN.  
Company Secretary.
