

13th December 2021

IMPORTANT Hospital Supply Notification

Dear Hospital Pharmacist,

Please note that Teva's next delivery of **CO-AMOXICLAV TEVA 1000/200 mg Powder for Solution for Injection/Infusion (PA0749/011/002)** has been delayed due to issues outside of Teva's direct control.

In order to avoid an out of stock to the Irish market at a critical time of year we intend to supply exempt medicinal product from the UK. Our intention is to supply this exempt product for the month of **January 2022**. We have informed the HPRA of this short-term mitigation measure. We expect our regular licenced product to be back in stock on 1st February 2022. Please be assured that we are doing all that we can to improve upon this date.

Should you wish to continue to use a licenced alternative for the month of January we have successfully secured additional quantities of **CO-AMOXICLAV TEVA 500/100 mg Powder for solution for injection/infusion (PA0749/011/001)**, this is available to purchase from United Drug.

Details of the exempt medicinal product sourced from the UK are as follows:

Teva Pharmaceuticals Ireland

Digital Office Centre Swords, Suite 101 – 103, Balheary Demense, Balheary Road, Swords, Co. Dublin, K67E5AO | 1800 201 700

Teva Pharmaceuticals Ireland is a registered business name of Norton (Waterford) Limited, a private company limited by shares registered in Ireland under registration number 100363 | Registered Office is Unit 301, IDA Industrial Park, Cork Road, Waterford, Ireland | Directors: Andy Crowley, Ray Finnegan,

Storage conditions	From a microbiological point of view, unless the method of reconstitution precludes the risk of microbial contamination, the injection and infusion solutions should be used immediately. If not used immediately, in-use storage times and conditions are the responsibility of the user. Do not store above 25°C, keep the container in the outer carton.
GTIN/EAN	5015915880161
Shelf Life	2 Years

When ordering this exempt product from United Drug in January please use the following descriptor:

CO-AMOXICLAV 1000MG/200MG 10TEV 1.2G EMP

Given that this is an exempt medicinal product the normal paperwork will apply when placing an order with United Drug.

For your convenience, we have attached a copy of the SmPC and PIL along with carton artwork of the exempt product.

We apologise for any inconvenience this may cause to you and your colleagues, if you require any further information please contact either Caroline Fitzgerald or Collin Botha on the numbers below.

Yours Sincerely,

Paul Neill

Director, Generics and OTC Brands
