

Supply Interruption Astilin 10mg film-coated tablets

Product	License Number	Unavailable From	Re-supply Date
Astilin 10mg f/c tabs	PA23163/001/001	27 August 2021	29 October 2021

Dear Healthcare Professional

Azure, as distributors of the above product on behalf of Ascot Laboratories Ireland Ltd, wish to advise of a continuing supply interruption. Both companies are working to ensure that the shortage is resolved as quickly as possible.

In the meantime, EMP (exempt medicinal product), Amitriptyline (Strides) 10mg tablets has been made available. The PCRS has approved the temporary reimbursement code [20261](#) for the duration of the shortage.

Azure will communicate updates on the shortage resolution via the [Medicines Shortages \(hpra.ie\)](#)

If you have any queries, please email info@azure-pharma.com.

Kind Regards

Sandra Gannon
