

Supply Notification

Product	License	Estimated Unavailability Date	Anticipated date of return
Provera 10 mg Tablets	PA 822/134/3	5 th September 2022	Mid October

Dear Healthcare Professional,

Pfizer Healthcare Ireland would like to advise you of a supply issue of the above product. This interruption to supply is due to a packaging delay at the manufacturing plant.

Pfizer is working diligently to resolve this supply shortage and resumption of supply as soon as possible. We regret any inconvenience caused by this temporary supply interruption to the market.

Please circulate this notification to internal stakeholders as appropriate.

The reason for the interruption in supply does not impact the quality, safety, or efficacy of the finished product currently available on the market.

If you have any queries about this notification, please contact your key account manager or Pfizer Healthcare Ireland's office on 01- 467 6500 and request to be put through to Olga Marum in the Commercial Department.
