PEPPERMINT FLAVOUR

5 1000158106366 >

Manufacturer: Reckitt Benckiser Healthcare (UK) Ltd., Hull HU8 7DS, UK.  
PA Holder: Reckitt Benckiser Ireland Ltd., 7 Riverwalk, Citywest Business Campus, Dublin 24.

Gaviscon Advance Chewable Tablets Peppermint Flavour Sodium alginate, Potassium bicarbonate

**Please read this leaflet carefully before you take this medicine.** provide fast, soothing and long lasting relief from the pain and discomfort of heartburn and acid indigestion, which for example, can occur after meals or during pregnancy. The product belongs to a group of medicines called 'reflux suppressants', which form a protective layer on top of the stomach contents to prevent acid escaping from the stomach where it works into the food pipe where it hurts.

**Before taking these tablets:**  
**Do not take** if you know you are allergic to any of the ingredients (listed in other information) as skin rashes and difficulty in breathing have been reported. If symptoms persist after seven days consult your doctor.  
**Talk to your doctor or pharmacist before taking:**

- Each two-tablet dose contains 4.5 mmol of sodium, 2.0 mmol of potassium and 2.0 mmol of calcium. If you have been advised to follow a diet restricted in any of these please consult your doctor before taking this product.

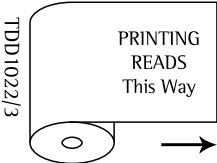

- May cause central nervous system depression in the presence of renal insufficiency and should not be used in patients with renal failure.  
Tell your doctor or pharmacist if you are taking, have recently taken or might take any other medicines  
You can take this product if you are pregnant or breast feeding.  
**This product contains aspartame (E951).** If you have phenylketonuria, note that the product is sweetened with aspartame, a source of phenylalanine.  
**Dosage:** For oral administration. Adults, including the elderly and children 12 years and over: Take one to two tablets after meals and at bedtime, or as directed. Children under 12 years: Should only be taken on medical advice. Chew thoroughly before swallowing.  
If you take too many of these tablets you may feel bloated. It is unlikely to cause you any harm, but please consult your doctor or pharmacist. If you forget a dose it is not necessary to double the dose next time, just carry on taking as before.

RB75508

**Possible side effects:**  
Like all medicines, this medicine can cause side effects, although not everybody gets them. Very rare (less than 1 in 10,000) chance of an allergic reaction to the ingredients. Symptoms of this may include rash, itching, difficulty breathing, dizziness, or swelling of the face, lips, tongue or throat.  
**Reporting of side effects**  
If you get any side effects talk to your doctor, pharmacist or nurse. You can report side effects directly via HPRA Pharmacovigilance, Earlsfort Terrace, IRL – Dublin 2;  
Tel: +353 1 676 4971; Fax: +353 1 6762517.  
Website: www.hpra.ie;  
E-mail: medsafety@hpra.ie  
**How to store these tablets:**  
Do not use this medicine after the expiry date (EXP: month/year) shown. Keep all medicines safely away from children. Do not store above 30°C. Store in the original package.

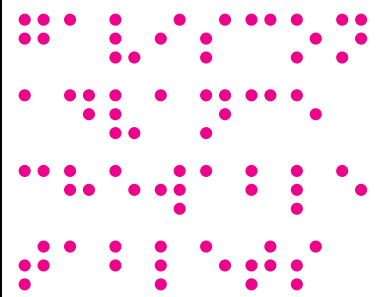

**Contents of the pack and other information:** Each chewable tablet contains 500 mg sodium alginate and 100 mg potassium bicarbonate as the active ingredients. The tablets also contain mannitol (E421), calcium carbonate, macrogol 20,000, copovidone, magnesium stearate, aspartame (E951), acesulfame potassium and mint flavour.  
An off-white to cream, circular, flat with bevelled edges tablet with the odour and flavour of peppermint. Blister tray containing six individually sealed tablets. Two or four blister trays in a carton. Not all pack sizes may be marketed.
