

Enlarged Size 200 %

Cefixime Nectar 100mg/5ml
Powder for Oral Suspension
cefixime

100mg/5ml

Powder for Oral Suspension

50 ml

TO THE PHARMACIST

Store below 25°C. Do not refrigerate or freeze.

To dispense:

Shake to loosen the powder. Add 35 ml of water in two portions to the dry mixture in the bottle. Shake well after each addition. Further dilution is not recommended. When prepared as directed each 5 ml of reconstituted suspension contains Cefixime trihydrate equivalent to 100 mg cefixime.

TO THE PATIENTS

Store below 25°C. Do not refrigerate or freeze.

Keep bottle tightly closed and shake well before use.

Discard any unused medicine after 14 days.

Contains sucrose and sodium benzoate.

Read the package leaflet before use.

Keep out of the sight and reach of children.

Use as directed by your child's doctor.

Use the enclosed syringe.

Any antibiotic residual solution as well as all materials that have been used for administration should be disposed of in accordance with local requirements.

For oral use.
