

REMEGEL 800 mg Chewable Tablets  
Calcium Carbonate  
Soft Chew  
24 Tablets in 3 packs  
Original Mint

Fast Effective Relief:

- Acid indigestion
  - Heartburn
  - Excess Acid

### 1. What Remegel is and what it is used for:

Remegel is a soft, mint flavour chew, that provides fast, effective relief from acid indigestion and heartburn. It can also reduce excess acid in stomach. Each chewable tablet contains Calcium Carbonate 800 mg.

### 2. Before you use Remegel:

Do not take if you are allergic to Remegel or to any of its ingredients, if you have severe kidney disease, have had kidney stones, diabetes, or high levels of calcium or low levels of phosphate in your blood. Contact a doctor or pharmacist before taking Remegel if you are pregnant, under a doctor's care, taking other medicines particularly tetracycline and quinolone antibiotics, digoxin, estramustrine, on a special diet, or have severe dietary problem (e.g. malnutrition or phosphate deficiency). Remegel contains glucose, sucrose and sorbitol. If you have been told by your doctor that you have an intolerance to some sugars, contact your doctor before taking. Glucose and sucrose may be harmful to teeth.

### 3. How to take Remegel:

Adults & Children 12 years and over: Chew 1 or 2 tablets as symptoms occur. Repeat as necessary, up to a maximum of 12 tablets in 24 hours. Not recommended for children under 12. Do not exceed the stated dose except on medical advice. Consult your doctor or pharmacist if your symptoms do not improve after 7 days. If you take more tablets than you should, seek medical advice.

### 4. Possible Side Effects:

If you experience any serious allergic reactions (rash, skin blistering, itchiness, breathing difficulties, swelling), stop taking the medicine and seek medical advice. Constipation, belching, nausea, vomiting, stomach discomfort, diarrhoea, muscle twitching, spasms, muscular weakness or kidney stones due to high levels of calcium may occur.

Reporting side effects: If you get any side effects, talk to your doctor, pharmacist, or nurse. This includes any side effects not listed on this pack. IE: You can report side effects via HPRA Pharmacovigilance, Earlsfort Terrace, IRL – Dublin 2; Tel: +353 1 6764971; Fax: +353 1 6762517. Website: [www.hpra.ie](http://www.hpra.ie); E-mail: [mesafety@hpra.ie](mailto:mesafety@hpra.ie). UK: You can report side effects directly via the Yellow Card Scheme at: [www.mhra.gov.uk/yellowcard](http://www.mhra.gov.uk/yellowcard). By reporting side effects you can help provide more information on the safety of this medicine.
